

# Nighttime Scavenger Hunt

Please enjoy this nighttime scavenger hunt safely with an adult and a flashlight!

Be patient! Some of these things take time to observe. If you can't find everything on one night try again a few days later!

See how many of the following items that you can find:

- \_\_\_ a twinkling star
- \_\_\_ the moon
- \_\_\_ cricket sounds
- \_\_\_ bird sounds
- \_\_\_ a star that does not twinkle (it is a planet!)
- \_\_\_ a constellation
- \_\_\_ frog sounds
- \_\_\_ the sound of wind through the leaves
- \_\_\_ shooting star (you need to have lots of patience!)
- \_\_\_ the sound of a mammal (not people!)
- \_\_\_ a bat
- \_\_\_ a spiderweb
- \_\_\_ a flying insect near a light
- \_\_\_ a shadow
- \_\_\_ animals rustling in the trees

Draw the shape of the moon that you see:

Draw a constellation that you see:
